

Sign the Petition Against Abortion Up-to-Birth HB-51!

"I stand with the 70% majority of New Mexicans in opposition to abortion after 5 months, and I urge you to vote 'NO' on House Bill 51 for these reasons:

HB-51 Does Not Protect Women *HB 51 keeps dangerous late-term abortions, up to birth, legal for any reason. The risk of death or serious injury to women increases to 89X in abortions after 5 months.*

HB-51 Does Not Protect Children *The majority of New Mexicans support parental involvement in a minor's abortion, (67%).*

HB-51 Does Not Protect Doctors *HB 51 strips away the only explicit conscience protection for doctors and other medical professionals that protect them from being forced to participate in abortions. 72.% of New Mexicans support a medical professional's explicit conscience protections from performing abortions.*

I urge you to act with urgency against this dangerous measure."
